## *Heart to Heart*

Dear Moms,

Loving Romans 12 today. God is moving in our land. People are drawing closer to Jesus everyday during this pandemic time. We have more time to seek His face and read His Word than ever before. However, there is also more time to become irritated at those closest to us. We need to hear His voice and not live by our feelings. We need to live by faith in God's Word and His ways. I picture my hand above my head throwing away thinking and feelings that are not His Way. These verses from Romans 12 summarize the core of Christian living. If we love someone the way Christ loves us we will be willing to forgive over and over again. We also will be willing to humble ourselves and ask forgiveness for our sins.

Romans 12:9-13

"Love must be sincere. Hate what is evil; cling to what is good. Be devoted to one another in brotherly love. Honor one another above yourselves. Never be lacking in zeal, but keep your spiritual fervor, serving the Lord. Be joyful in hope, patient in affliction and faithful in prayer. Share with God's people who are in need. Practice hospitality. Verse 16 Live in harmony with one another Verse 18 If it is possible as far as it depends on you, live at peace with everyone. Verse 21 Do not be overcome by evil, but overcome evil with good."

Moms are calling me everyday to ask about home schooling. Homeschooling is a calling from God to teach your children His ways in your home. For such a time as this every mom in America is homeschooling. However we also need community and friends. That is what Western Christian PSP offers to help support parents in their calling. The fruit of the Spirit is growing in every mom and in every child who follows Jesus Christ as Savior and Lord: Galatians 5:22 Love, joy peace, patience, kindness, goodness, faithfulness, gentleness and self-control.

I want to thank all the dedicated teachers who have run the zoom classes. They have blessed so many students and united our school through this difficult time. We are all so grateful for your extra work and love for the students. It matters so much! My hope is that we can resume our classes, field trips, park days, and groups next fall. God bless you and your family this summer!

Love you all!  
Marilyn Stephens

### A Word to Fathers ~

*By Bill Stephens*

#### Memories or Nightmares

I am re-sending this message from 6 years ago. It is as timely as ever if I must say so myself. As we break out of our "lockdown" and hit the road, we need to remember that we have a choice as fathers. We can choose to create memories or create nightmares. It is in our power.

When I was about ten years old my parents planned a trip to the East Coast to visit our relatives. We planned to fly there and while visiting our relatives in Michigan buy a car in Detroit. Back in those days you could save a lot of money not paying the freight charges from Michigan to California. My dad never bought fancy cars with "extras". His philosophy was that if you bought a car with all of the bells and whistles they would eventually break. Case in point, clocks in cars never worked after about six months. My dad settled on a beige Chevy station wagon, vinyl seats, three speed on the column and power nothing. Our trip back to California was one of my most memorable times of my life. We went from crisis to crisis. When we would decide to "sleep under the stars" it would rain. Pillows and sleeping bags flew off our roof rack no matter how much time my dad spent tying down our stuff. The vinyl seats were so uncomfortable driving through Wyoming in the middle of summer with no air conditioning.

I can only imagine what my folks went through driving home that summer. The trip was hot, they were tired, three smelly, obnoxious kids on a plastic bench seat singing dumb songs, all while traveling with half our gear. But, I cannot remember one time when either of my parents lost control. We genuinely had a good time.

Family memories are made of fun times and bad times. What makes good memories is when, no matter the circumstance, we fathers keep ourselves under control. Our road trip back in 1960 could have easily turned into a nightmare if my father allowed himself to lose his temper. He was the one who kept us all having fun. As adults my sisters and I would often kid my father about his lack of knot tying skills. That memory would always generate a laugh from him. Memories like that bond a family together.

**Impact**  
"Service, Community, and Fun."  
Middle School Class for 6-8th Grade

Impact is an exciting class just for Middle School students.

The goal of Impact is to give back and serve the students at Western Christian PSP. The students in Impact work to raise school spirit, community, and student involvement in service projects. In addition, we will develop deeper community by planning events for 6th-8th graders. Impact students who enroll do so because they recognize that there is more to being successful in school than simply doing homework. Having a positive atmosphere where students feel wanted and accepted is critical to their success. To that end, the members of Impact will focus on providing engaging activities that ensure a well-rounded middle school experience monthly. Impact will help to develop organizational and communication skills. We will have a strong focus on Godly character, service and community.

Being an Impact member is easy! If you will be in 6th-8th grade, all you have to do is fill out an application and get an interview. Each Spring, Impact will elect class officers to represent the group. You have the option of running for an office or just be an appointed member. Everyone has a role in Impact and you should become a part of it! Impact is composed of students that are in 6th-8th grade. Space is limited! Apply NOW for Fall!

Teachers: Thiam Cheatwood and Christina Toland  
Time: Friday Morning at 8:00- 9:00 a.m.

Contact: Christina Toland at [ciabelle@aol.com](mailto:ciabelle@aol.com)

Cost: \$90.00 per semester, plus \$35.00 enrollment fee

## Contenders For the Faith 2020—2021

Welcome Castaways! This year we will be exploring the lives of Men and Women in the Bible, and what they did to Survive and thrive in God's Kingdom. We will do Bible lessons, badgework and Challenges. Work hard and come prepared so you can Out wit, Out Play and Out Last the other players as we face our our survivor challenges.

Contenders For The Faith is a homeschool scout group for boys K- High School.

We meet every 2nd and 4th Wednesday of the month at the Wednesday Park Day, Park from 11:30am-1:00pm, September through May. Every year is a new theme which goes along with our badge work. We do outside events as well like Mother/Son date nights, Father/Son events and other events for the boys and families to fellowship. This is a parent lead group, so space is limited to the amount of leadership. All parents must help in some capacity.

We are a parent led group which means every parent has to help in some way. Space is limited to the amount of parents we have serving in the group. Helping does not require lots and lots of time. We all pull together and limit group sizes to help meet the needs of the boys as well as the leaders.

Cost: \$100.00 supply fee for the year

*Changing Girls Lives and Leading Them Towards  
a More Christ Centered Life*

The American Heritage Girls Program is dedicated to the mission of building women of integrity through service to God, family, community and country. AHG girls participate in badge programs, service projects, leadership opportunities, and outdoor experiences, all with an emphasis on Christian values and family involvement. We believe AHG is the perfect extension to homeschooling, providing opportunities to build friendships and bring our families closer together.

Some activities include; Father Daughter Dance, Mother Daughter Tea, Grandparent events, Veterans Day Flag Planting, Trees of Hope for the City of Hope, Backyard Campout and one of our favorites the yearly Family Camp!

Our Troop meets on the second and fourth Wednesday of the month at San Dimas Canyon Park, San Dimas from 11:30am-1pm  
(Same day as Wednesday's park day!)

For questions or inquiries contact the Troop Coordinator Kristal Torres by email at [ahgca3130@gmail.com](mailto:ahgca3130@gmail.com)

## Tuesday & Thursday Classes @ Community Baptist Church

9090 19th St., Rancho Cucamonga, CA 91701  
(at the corner of 19<sup>th</sup> and Beryl St.)

### **2020 Fall Classes and New Jr/Sr High Program Rancho Cucamonga**

#### **A year of changes**

The pandemic has brought unexpected changes to our spring program and although there are uncertainties ahead, we trust God daily for our future and we are planning for the Fall with all hope that we will be able to resume Tuesday and Thursday school again in September. Should it become clear that resuming in September is not possible, you will receive more information and options for maintaining classes and community at that time. Until then, we move ahead with wonderful plans for our group.

One of these wonderful plans is the expansion of the Middle School and High School Program. To meet the needs of our ever-growing student body we have developed a fantastic program that will prioritize the academic, spiritual, and social needs of our 7th-12th graders. As we tweak program formatting in order to make room for upper-grade growth we ask for your patience and grace. Give thanks and celebrate with us - our school is growing! Our hearts are to serve and support the families. We love you all!

#### **Elementary**

##### **Preschool-6th grade**

This Fall the Rancho campus will be offering two days of elementary classes however, programming will be the same on both Tuesday and Thursday for grades Preschool-6th grade. This means families will choose the day they would like to attend. Class sizes for each day will be limited so don't wait to reserve your spot. Writing class and pre-school will be offered on Tuesday and Thursday. There will be chapel on both Tuesday and Thursday and park days will alternate Tues/Thurs every other meeting time. No matter which day you choose to attend classes everyone is always welcome at all park days.

**Check your schedule, talk to your friends, and decide which day to sign up for!  
Tuesday or Thursday?!**

Classroom breakdowns:

Preschool 3 and 4 yr olds (if you have a 4-year old please fill out this [survey](#) so we can help place your child in either preschool or kinder depending on their kindergarten readiness. There is no TK class this year.)

### Junior High 7th and 8th grade

Watch this short intro video for our new program! <https://vimeo.com/413669275>

The Middle School Program offers a Full-time or Half-time option for students. Both are designed to offer Christian curriculum and Christian community to support the full development of your child at this important age.

## Full-time Option

### Description

Kids receive a classroom presentation each week by a teacher for every subject that is offered. The parent's role at home is to interact with their student regarding assignments and assure completion and submission of weekly work. Parents must grade math. Teachers will grade other subjects. The final grade for all subjects is the decision of parents.

### Attendance

In the full-time option, students attend classes on both Tuesday and Thursday.

Core classes are held on Thursday: Bible, Chapel, English, History, Math, and Science

Coordinating classes are held on Tuesday: Ignite Leadership Group, IEW Writing, Science Lab, Speech and Debate (8th) and Geography and Culture (7th)

Extra-curricular classes Drama (Tues) and Choir and Basketball (Thursday) are included in both the half-time and full-time options and no extra fees are required to participate.

Click [here](#) for the preliminary schedule, click [here](#) for class descriptions, teacher bios and curriculum info. (Best view is on desktop or laptop)

### Fees

- Family Fee of \$52/month (Only 1 fee per FAMILY regardless of elementary, middle or high school students)
- 
- One-time CCL Fee: \$50 per family (for yearbook etc)
- 
- One-time Registration Fee: \$35/student
- 
- 
- \$150.00/month per student for 10 months
-

## Half-time Option

### Description

In the half-time option, you choose to enroll your student in EITHER Tuesday OR Thursday classes but not both. Kids receive a classroom presentation each week by a teacher for every subject that is offered on the day you are enrolled. The parent's role at home is to interact with their students regarding assignments and assure completion and submission of weekly work. Parents must grade math. Teachers will grade other subjects. The final grade for all subjects is the decision of parents.

## **Attendance**

In the half-time option, students attend classes on EITHER Tuesday OR Thursday.

## **High School**

**9th and 10th grade**

**Watch this short intro video for our new high school program! <https://vimeo.com/413669275>**

The current plan is to add 11th and 12th-grade classes over the next 2 years. The High School program is designed to meet the Spiritual, Social, and Academic needs of our young people. The High School Program offers both a Full-time and Half-time option.

**What if I have an 11th or 12th grader who needs the classes you are offering?  
Or what if I only want 1 or 2 classes?**

Any 11th or 12th grader is welcome to take the offered classes if they are still needed for their high school transcript. Minimum enrollment for this program, however, is half-time which is 3 classes at \$100/mo for 10 months. If your student only needs 1 or 2 classes the "pay the instructor" model classes are still available for highschoolers on Fridays at the Chino Hills Campus and on Tuesdays at the Pomona Campus.

## **Full-time Option**

### **Description**

**4 or more credit classes**

Students receive a classroom presentation each week by a teacher for every subject that they are taking. The parent's role at home is to interact with their student regarding assignments and assure completion and submission of weekly work. ## **Western Christian PSP Pre-School 3 & 4 year olds welcome!**

### **Teacher for 3s:** Valerie DeRenzis

Hello, I am Valerie DeRenzis. My husband Brian and I have been called to the ministry of homeschool for 5 years raising and teaching our three children, Ashley, Adam and Alyssa in the ways of our Lord and Savior Jesus Christ. It is a blessing to be intentional teaching His Word and daily sowing seeds of God's truth, great love and grace. I studied Accounting at University of La Verne and have been serving in ministry for several years including Children's Ministry, Women's Bible studies and Marriage Ministry at our home church Calvary Chapel Chino Hills. Looking forward to a year of nurturing a love for the Lord by learning about His Word and His creation.

### Items will be needed for this class:

Kids bring backpack with: healthy snack, fat beginner pencil, glue stick, crayons, scissors, 3 ring binder (name label items please)

### Rules:

Take your child to the restroom before class

Must be potty trained

All parents drop off children after chapel

Older siblings CANNOT pick up pre-schoolers

## Friday School Class Descriptions

### **Kindergarten: Christine Arnold 16 weeks**

This year our kinder class will be learning all about the world around them...from the seasonal changes God has made in our world, to plant and animal life and even a little bit about our solar system... this year is going to truly be out of this world! We will be learning through our daily rug time (i.e. Calendar, prayer, etc), songs, Bible, art, story time, and so much more!!! I am both blessed to have this opportunity to teach your kids and honored that you would trust me and my ability to teach them this year.

I have my B.A. in Liberal Studies and had previously worked as an ABA (Applied Behavioral Analysis) therapist for almost 3 years. I took a sabbatical from work when my husband and I started our family and I have homeschooled our 2 boys for the past 4 years. I have also been a substitute teacher at Cornerstone Christian and recently became a sub at Western Christian PSP for Tuesday and Friday schools.

I am looking forward to meeting all of your wonderful kiddos!

### **1<sup>st</sup> Grade: Christy Miller- 16 weeks / Credentialed Teacher**

This year we will be learning about a different artist each week by reading about them and completing a project in a similar style that they would have done. (Similar to the Meet the Masters program) We will be using different methods and styles with- painting, pastels, watercolor, crayons, glue, markers and anything else fun I can find. We will also be having sharing time, PE activities and snack time on the playground. Looking forward to meeting your kids!

### **2<sup>nd</sup> Grade: Sheri Ryan 16 weeks**

Sheri has a B.A. in Liberal Studies and a M.A. in Education from Biola University, and taught 2nd grade for 6 years, before choosing to be a stay-at-home mom. She has homeschooled her children for 7 years.

This year second graders will enjoy wild and whacky science experiments, fun art projects and lots of group activities to enhance and supplement the homeschool experience.

2nd graders will learn basic art terminology, explore color, patterns and textures through the use of various mediums. We will also be doing seasonal crafts to encourage creativity.

### **3<sup>rd</sup> Grade: Maureen Bosanko 16 weeks**

Our class will be learning about geography and culture. As we learn we will be working on a geography lapbook that the students will bring home at the end of the year. Each week we will learn about a new country or continent. We read a literature book from the country, sample food from the country, play a game from the country and add information to the lapbook. Students will be required to bring their own supplies to class, a supply list will be given at the beginning of the year. I have a B.A. in Bible, a teaching credential in rehabilitative services, and a B.A. & M.A. in Communicative Disorders (Speech Language Pathologist).

### **4<sup>th</sup> Grade TBA**

**5th grade Kimberly Hale** More info coming soon!

### **Jr. High Classes—6-8th grade**

# HIGH SCHOOL HAPPENINGS

High School Coordinator: Carol Loumagne (909) 913-3225

June 2020

**On-Campus Students.** Please be aware that you will need to communicate with the school for schedules, books and uniforms before school starts. You should have received a letter from the school with this information. If you have not, call the school office.

Reminder: Please take a look at the High School Handbook. There is a lot of information there to help you organize for high school.

You can register your Junior or Senior for SATs at collegeboard.org. The website for the ACT is ACT.org.

**Remember:**

- \***ONLY 90 CREDITS maximum accepted per year.** (70 credits per year is sufficient for college prep track)
- \***ONLY 10 Credits** allowed for Summer School
- \***TA (Teacher’s Assistant)** is given 5 credits each semester - no grade
- \***World History must include Geography**
- \***PE must include one semester of Health**
- \***175 days minimum required each school year.**

**Transcript Requests**—Please allow 5 — 7 days for processing your transcript request. Contact Martha Lujan at [WesternChristianPSP@gmail.com](mailto:WesternChristianPSP@gmail.com)

**Due Dates for High School Paperwork** (Please send all paperwork to [WesternChristianPSP@gmail.com](mailto:WesternChristianPSP@gmail.com))

- October 15 - 4-Year Plan, Course Summaries
- February 1 - Report Card, Lesson Plans
- March 31 - SENIORS ONLY—All paperwork must be current in order to participate in graduation
- June 1 - SENIORS ONLY—Final Report Card, Attendance form, Lesson Plans
- June 15 - Grades 9-11—Report Card, Attendance form, Lesson Plans

## Tips for Preparing Your Student for College

**Having a high school diploma is important but it doesn't guarantee that you will be able to get into college.** It can be a difficult process these days. Here are 12 tips/suggestions for students considering college entrance:

1. Plan ahead. When you know what college you want to go to, go to their website to make sure that you are taking the courses that they recommend.
2. Align your course titles with those of Western Christian so that the colleges will recognize what you have been doing.
3. Check the Western Christian website to see what courses CSU and UC want you to take.
4. Check this website for more information about how to get into college as a homeschooler: Look at [www.californiacolleges.edu/#/](http://www.californiacolleges.edu/#/)
5. Be involved in the community so that you can talk about your experiences and the ways that you have made a difference to people. Colleges want smart and academic students, but they also want people who can change the world for the better.
6. Find out what you do well, do it, and learn how to write about it. Colleges are looking for **you to explain to them why you are "head and shoulders better" than the others who are also applying to college.**
7. Take the tests. Take the SAT. Take the ACT. Take the SAT II subject tests. Find objective ways to prove that you are who you say you are. Test taking is a learned skill. Practice, practice, practice.
8. Take AP courses and their corresponding tests.
9. Take some community college courses or enroll in the part-time program at Western Christian. This is another way to show that you are as good a student as your mother thinks you are.
10. Make sure that you have all the courses that Western Christian requires for a diploma.
11. Most importantly, pray for God to go before you in this whole process.
12. Remember that it is hard to get into many college programs today, so you should have **several options. Don't put all your hopes and dreams into one program unless you have figured out several ways to get there.**

## Jr. High and High School Credit Courses CLASS DESCRIPTIONS 2020—2021

**Enrollment Fee:** \$35 per semester per class (payable to teacher)

**THIS IS NOT INCLUDED IN TUITION FEES!**

**Course Fee:** varies (payable to individual teacher)

**How to Enroll:** Please call each individual teacher. The enrollment and medical release forms are to be turned in the first day of class, and will be e-mailed to those who are preregistered for the classes.

**Please note:** These classes are designed to be supplemental--to help parents of junior high and high school students. The parents are considered the primary instructors and are responsible to make certain that the work is completed, that grades are turned in to the PSP, and that payments are made to the respective teachers.

(Fridays, unless otherwise noted)

#### American Sign Language – ASL 1 High School Credits: 10 credits per year

Teacher: Kathy Bartling

Contact: 951) 809-5284 or, Email: Kateagirl4u@gmail.com

**Course Fee: \$165, plus \$35 enrollment fee, per semester**

**Supply Fee: \$5.00/sem**

**Books required: “The American Sign Language Phrase Book” by Lou Fant  
(Available at Amazon or Barnes & Noble)**

Recommended: Any ASL dictionary for reference (Barnes & Nobles has many)

Resources: ASLpro.com, Lifeprint.com (ASL University), Other various websites

ASL sign language is the only accredited sign for the United States. In this beginning class we will learn how to communicate in sign as we learn vocabulary, group practice, presentations, games, and tests. We will also explore some of the culture of the deaf community. There will be a new lesson every week. The student is expected to study the lesson at home, culminating in a quiz at the beginning of each class time. We will have an exam and a class presentation at the end of each quarter to reinforce what the students have learned.

#### American Sign Language – ASL 2 High School Credits: 10 credits per year

Teacher: Kathy Bartling

Contact: 951) 809-5284 or, Email: Kateagirl4u@gmail.com

**Course Fee: \$165, plus \$35 enrollment fee, per semester**

**Book required: “American Sign Language – The Easy Way” by David Stewart/Barron’s Educational Series, Inc.  
(Barnes & Noble or Amazon)**

**Supply fee: \$5.00**

**Recommended:** General ASL Dictionary

**Resources:** ASLpro.com, Lifeprint.com (ASL University)

This course is for those students who have already fulfilled one year of ASL. The class will fulfill the requirements for a 2nd year language course. It will encourage students to communicate in sign only and develop an extensive vocabulary of signs. Because this language is uniquely different from English, students will need to practice and study concepts at home to reinforce the lesson. Dialogues and other conversational techniques will be used. Testing and projects will also be assigned. This year’s course will fulfill language credits for High School.

#### American Sign Language—ASL 3 High School Credits: 10 credits per year

This course is a continuation from ASL 2. Having the necessary foundations for the structure of the language in ASL 2, this course will build on those skills by practicing dialogues, structure, sentence types, Classifiers, and review of vocabulary. This class will be conversation based in order to truly excel in the language.

### **High School Photography - Grades 9th - 12th**

This fun and creative one-year course incorporates both digital and art photography. The class is interactive, with many class sessions working together as a class to explore the techniques being taught. This is a one year course, and each class is 1 hour and 15 minutes in length.

Basic photography skills are taught through bi-weekly assignments, lectures, video and projects. Various photographic styles are explored including, Documentary, Portraiture, Commercial, Landscape and Nature. Photographically driven art pieces are also a part of the class. Students will learn the art of photo Transfers, Cyanotypes, Inkodye T-Shirt printing, photo collage, and make a photo lamp.

I have been teaching this course for over 16 years and it is always a favorite among the students, and is sure to improve their photographic skills.

To register for this class contact Sue Basile @ [sibue61@gmail.com](mailto:sibue61@gmail.com) or phone (909) 248-8935.

Course Fee: \$165, plus \$35 enrollment fee per semester, plus materials fee for art supplies

### **Speech: Learning to Speak Effectively and with Confidence** (high school 9-12)

#### **SPRING SEMESTER ONLY**

This course is designed to help students learn how to communicate with confidence in front of others. Skills include topic selection, research, organization, and presentation tips. We will also be discussing how important our words are as followers of Christ, and we will be taking a look at what God's Word says on this topic. Speeches will be informative, persuasive, devotional, impromptu, and more. Students will also learn how to share their testimony. This will be a safe, friendly atmosphere, which will allow students to learn and grow through a class, which is often an uncomfortable one for most. Students will be held accountable to treat each other with respect and courtesy.

CLASS SIZE MAX: 12 students

Course Fee: \$165, plus \$35 enrollment fee, per semester \$5 Supply fee (due first week of class)

Materials: Sound Speech Student text, available from [bjupresshomeschool.com](http://bjupresshomeschool.com) or cbd, notebook with dividers

### **US American History** Grades 11-12

American History is so fascinating, and throughout this class you will develop a deeper understanding and appreciation for what makes this nation great, and what sets it apart from the rest of the world. From Native American society through modern America, students will address both the workings of God and the shortcomings of humanity in the formation and progression of America. Students will gain an appreciation of the providence of God in the development of a country based on Biblical principles and events that have shaped America's history. Students discuss geography, politics, economics, and current events to formulate reasoned Christian viewpoints on issues of contemporary society. The class will be enhanced through historically based DVD's, mini debates and speeches, dramatic reading as well as games to help you prepare for quizzes. The hope is that history will become so much more than just words in a textbook. During the class we will occasionally use art projects to enrich the study of America's past, and a few basic art mediums will be needed.

Our Text: United States History, 4th Edition Bob Jones University Press 978-1606820056

### **American Literature**

In this course, we will study the great writers and poets (Bradstreet, Edwards, Hawthorne, Twain, Dickinson, Thoreau, et al.) from each era in American Literature (1630-1960). Students will enhance their critical thinking skills and develop their understanding of American Literature within a biblical worldview (and references to it in our society today). Our weekly class sessions will provide a time of interaction between the students and teacher where they will engage in meaningful discussions, conduct presentations, and participate in group projects and collaborative assignments. This class will include the study of poetry and short stories, novel reviews, literary devices, composition, timed writings, and thesis statements.

Bio: I earned my BA in English Education (speech communication emphasis) from CSULB and completed my MS/SS credential at APU. I have homeschooled my children from the start with my eldest graduating from WCPSP in 2018. I also conduct educational tours for all ages at Amy's Farm in Ontario.

### **British Literature**

The study of the history, culture and major writers of each era of English Literature is the focus of this class. In this course, all readings will be considered in context of historical, cultural, and philosophical influences of the time periods studied. Students will think, speak, and write critically about what they have read and these concepts and ideas will be discussed in class within a biblical worldview. They will generate and share their own thoughts and opinions about selected literary works, their ideas and understanding of key concepts through class participation, papers, projects, and presentations. Students will be encouraged to have a cultural understanding of the use of literary devices and references as they develop a lifelong love of literature.

### Physical Science

This is a full year high school credit class. 8th graders can take the class for high school science credit as well. Topics covered will include: matter in its 3 states, kinetic and potential energy, foundations of chemistry, Newton's Laws of Motion, forces and simple machines, sound and light waves, magnetism, and electricity. This is a foundational science course that prepares your student for upper level science. It includes laboratory experiments that reinforce topics. We will be doing a science project and presentation in the second semester. (minimum 7 students needed)

Textbook/Materials: Science: Matter and Energy Textbook, Lab Book, and Test book from Abeka Publishers

Location: Chino Valley Community Church

Teacher: Charley Cheatwood, [charley@bethanybaptistlife.org](mailto:charley@bethanybaptistlife.org)

Course Fee: \$165, plus \$35 enrollment fee, per semester

*For this class to be held there must be a minimum of seven students enrolled*

### High School Biology

Biology is most exciting (and most truthful) when it is taught and learned in the context of our awesome Creator. His creation certainly reflects the majesty, wisdom, and power of God. Unfortunately, secular science is often taught in such a way as to become a stumbling block to the development of our faith. Science can instead be a stepping-stone to faith – the evidence for design is everywhere, especially in Biology! This course is taught with a Creation perspective. We will use the Apologia book, "Exploring Creation with Biology". Topics include the five kingdoms of life, the chemistry of life, cell structure and function, genetics, ecology, evolution (as a theory), as well as plant, animal, and human biology. Each week we will have a one-hour lecture/discussion period (generally using PowerPoint slides), followed by a one-hour lab.

Course Fee: \$350/semester, plus enrollment fee, \$35/semester

Instructor: Matthew H. Sanders, [matthensan@gmail.com](mailto:matthensan@gmail.com) or (626) 244-5462

Matthew has a MS in Biology from the Institute for Creation Research. He is currently an adjunct professor at Azusa Pacific University. Matthew has taught high school chemistry and physics with the EIE home school program in Monrovia, CA. He has also taught at Christbridge Academy in Azusa, CA; AP Biology, Physics, Chemistry, Biology, US History, Government, Economics, and Personal Values/Bible classes. Matthew created and taught a science course for the Upward Bound program at Cal Poly Pomona. **see [www.mattsanders.info](http://www.mattsanders.info) for more information**

### High School Chemistry

This course provides a rigorous foundation in chemistry in preparation for college-level chemistry. Topics covered include significant figures, units, classification, the mole concept, stoichiometry, thermochemistry, thermodynamics, kinetics, acids and bases, redox reactions, solutions, atomic structure, Lewis structures, molecular geometry, the gas laws, and equilibrium.

The lab period will alternate between Chemistry labs and a math tutoring time. Students often have difficulty understanding the math that goes with each chapter, so we will focus on that every other week. We will still do at least one lab with each chapter.

We will spend approximately two weeks on each chapter. Students will be given pages to read each day at home, and questions to answer. Short quizzes will be given for each chapter online. Mr. Sanders is always available by phone or email, and is happy to answer any questions or concerns that arise.

These are available as a set from Berean Builders Pub. for \$65.

Course Fee: \$350/semester (Class length may be adjusted) Enrollment Fee: \$35/semester

## Spanish 1

Description: This is a 2-semester, full-year high school Spanish class, open to both **high school students and eager junior students**. Students will learn introductory Spanish pronunciation, conversation, reading, writing, and grammar. We will review through role-playing and will learn a few Spanish songs along the way. We will explore some of the history and culture of a selected number of Spanish-speaking countries. There will be weekly homework, bi-weekly quizzes, and a test every 4 weeks or so.

Textbook: BJUP Spanish 1 Student Text (2<sup>nd</sup> Edition) & binder with sheets to write notes on, index cards to make flashcards

Fee: For WCS members, the cost is \$165/semester plus \$35/semester enrollment fee (total: \$200) for WCS members.

Teacher: Silvana West (B.S. Molecular, Cell, & Developmental Biology, minor in Latin American Studies; PharmD.)  
Background: I was born and raised in Argentina where I finished high school. I understand the effort and challenges that go into learning a second language as an adult. I look forward to sharing with you how to understand and master Spanish at level 1. I have experience in tutoring high school students in Spanish, simultaneous translations of sermons, and cross-cultural ministry in the U.S. and Mexico. I'm entering my sixth year of homeschooling. Please email me if you have any questions at [westmrs767@gmail.com](mailto:westmrs767@gmail.com)!

## Spanish 2

Description: Full year-high school Spanish. This course is a continuation of Spanish 1. It is open to **high school and junior high students**. There is a greater emphasis on verb tenses in addition to reading, writing, grammar, and vocabulary. Student will continue to expand their conversational skills through listening, speaking, and role-playing. We will also learn a few Spanish songs and learn a few historical/cultural aspects of a selected number of Spanish-speaking countries. There will be homework every week, bi-weekly quizzes, and a test every 4 weeks or so.

Textbook: BJUP Spanish 2 Student Text (2<sup>nd</sup> Edition) & binder with sheets to take notes on, index cards to make flashcards

### **American Government/Economics Class Description—Thursday**

Instructor: Ken Greek                      Class time: Thursdays, 5—6:30 p.m. at Chino Valley Community Church

Course Fee:

This is an upper division, year-long course. During the first semester, in American Government we will focus on the founding principles that formed America. Students will learn why The United States was created and how it stands as beacon of religious, civil, and economic freedom in the world. We will read from original source documents such as the Declaration of Independence, Federalist Papers, and the Constitution to learn how the three branches of American government were designed to control and limit power to protect freedom. These resources will supplement weekly reading from two books: Matthew Spaulding's *We Still Hold These Truths*, and Eric Metaxis' *If You Can Keep It*. Class discussion will explore how our founding principles have informed historical events and are being debated in today's political culture. Students will be challenged to use what they have learned to become active citizens in our democratic republic.

During the second semester, in Economics we will use Henry Hazlitt's book, *Economics in One Lesson*, as a springboard to explore the principles of micro and macroeconomics. This is a practical course that will require weekly reading of news sources for articles that illustrate each week's subject. Students will be exposed to the major economic systems, principles of supply and demand, government taxation and regulation, unions and other special interests, trade policies, minimum wage and rent control, and a variety of other current trends that are gaining interest like a universal basic income.

Please contact [webksg@verizon.net](mailto:webksg@verizon.net) or [webksg@icloud.com](mailto:webksg@icloud.com) to enroll in this class.

### **Journalism** 9-12th grade

Teacher: Karen Greek

Contact: 909-214-3648 or email: [webksg@verizon.net](mailto:webksg@verizon.net)

Course Fee: \$165, plus \$35 enrollment fee, per semester

Books required: TBA

Prerequisite: W/G I and/or W/G II or equivalent

Students will be introduced to the historical importance of journalism in America and how it influences today's printed news media. They will learn investigative skills, responsible reporting, and journalistic writing techniques as they read, respond to, and write their own news and feature articles. Students will conduct interviews, research, write, and design their own publication.

**ALGEBRA II - THIS IS A TWO-DAY-PER-WEEK CLASS! 1 in class & 1 via a VIDEO LESSON SENT BY ME WEEKLY**

Text: Algebra 2 (2nd edition) BJU Press  
Student softback ISBN# 1-57924-385-1

Teacher's Edition ISBN# 1-57924-386-X - (2 VOLUMES!! Book 1 and Book 2 needed)

**\*\*a placement exam may be required prior to enrollment if your student has not taken a class with me in the past - call or e-mail ASAP\*\***

This is a full year, high school level course - **TWO (2) days per week – ONE – in class and the other via video sent by me weekly.**

STUDENT MUST HAVE COMPLETED AT LEAST ALGEBRA I PRIOR TO ENROLLMENT - I do recommend, for most, that students take Algebra 2 the year immediately following Algebra 1, if they are intending to do BOTH classes. Algebra 2 content relies HEAVILY on Algebra 1 content!! Chapter 1 dives right into factoring polynomials, binomials, and trinomials, assuming a pretty strong mastery. Text moves through linear equations and inequalities, linear relations, quadratic equations and functions, graphing, linear programming, radicals and exponential functions and equations, imaginary and other complex numbers, rational expressions and equations, trigonometry, and matrix algebra.

Students will learn concepts in class, then complete daily assignments at home. Daily homework assignments will be corrected by student or parent. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session.

TEACHER'S EDITION REQUIRED -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week. The subject matter here is complex - TOO complex for a once a week class which is why we meet in person or via video twice a week.

**Materials:** 3-ring binder and paper, ruler, and a scientific calculator - (graphing calculator NOT necessary)

**Day:** Fridays, CVCC

**Course Fee:** \$210, plus \$35 enrollment fee, per semester

**Teacher:** Brenda McGilvra - Call or email to enroll or if you have questions. 909-730-4090 or nbmcgilvra@gmail.com

T.E. ISBN# 978-1-59166-547-2 - (**2 VOLUMES!!** Book 1 and Book 2 needed)

This is a full year course. Will cover skills required to proceed into High School Algebra, and students completing it will be WELL PREPARED for Algebra 1. \*\*I get asked often, which math should my Jr Higher be doing?" If your student does a decent job (80% average) on basic mathematics, especially multiplication & division, and maybe ok on fractions, he/she should take Pre-Algebra. The current "fashionable" trend in education these days (public and private) is that students should take Algebra I in 8th grade, which would mean Pre-Algebra in 7th. This works for some, and is (in my opinion) a GRAVE mistake for a lot of others! According to Bob Jones, this is an 8th grade curriculum. This class is available, as well, to High School students who require additional work on the basics! Call me if you need to talk about any of this! Starts right out working with equations, covering properties of addition, subtraction, multiplication and division. Will move into decimals, integers, multiples, factors, fractions, equations and inequalities, ratio, proportion, percentages, geometry and graphing. Emphasis through entire text is on equations and solving them, using all the mathematical concepts introduced. These basic skills would be prerequisite for an Algebra course. Students will learn concepts in class, and then complete daily assignments at home. **TEACHER'S EDITION REQUIRED** - daily homework to be corrected by parent and/or student. Tests will be sent home, to be administered by a parent or homeschooling teacher, and brought back to the next class session.

**\*\*a placement exam may be required prior to enrollment if your student has not taken a class with me in the past - call or e-mail ASAP\*\***

This is a full year, high-school level course that meet 1/wk. Begins with a very extensive review of basic mathematical terms and rules, working with integers and real numbers. Moves into the vocabulary of Algebra, solving equations and inequalities, relations, functions, and graphs, systems of equations and inequalities. Continues to cover working with polynomials and factoring them. Students will learn concepts in class, then complete daily assignments at home. Daily homework to be corrected by parent. Unit tests will be sent home, to be administered (per instructions) by a parent or homeschooling teacher and brought back to the next class session. **TEACHER'S EDITION REQUIRED**-- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week.

## **ALGEBRA II - THIS IS A TWO-DAY-PER-WEEK CLASS! 1 in class & 1 via a VIDEO LESSON SENT BY ME WEEKLY**

Text: Algebra 2 (2nd edition) BJU Press

Student softback ISBN# 1-57924-385-1

Teacher's Edition ISBN# 1-57924-386-X - (**2 VOLUMES!!** Book 1 and Book 2 needed)

**\*\*a placement exam may be required prior to enrollment if your student has not taken a class with me in the past - call or e-mail ASAP\*\***

This is a full year, high school level course - **TWO (2) days per week – ONE – in class and the other via video sent by me weekly.**

**STUDENT MUST HAVE COMPLETED AT LEAST ALGEBRA I PRIOR TO ENROLLMENT** - I do recommend, for most, that students take Algebra 2 the year immediately following Algebra 1, if they are intending to do BOTH classes. Algebra 2 content relies **HEAVILY** on Algebra 1 content!! Chapter 1 dives right into factoring polynomials, binomials, and trinomials, assuming a pretty strong mastery. Text moves through linear equations and inequalities, linear relations, quadratic equations and functions, graphing, linear programming, radicals and exponential functions and equations, imaginary and other complex numbers, rational expressions and equations, trigonometry, and matrix algebra.

Students will learn concepts in class, then complete daily assignments at home. Daily homework assignments will be corrected by student or parent. Unit tests will be sent home, to be administered by a parent or instructor, and brought back to the next class session.

**TEACHER'S EDITION REQUIRED** -- Parent(s) welcome and encouraged, but not required, to accompany students to class, in order to support study during the week. The subject matter here is complex - **TOO** complex for a once a week class which is why we meet in person or via video twice a week.

**Materials:** 3-ring binder and paper, ruler, and a scientific calculator - (graphing calculator NOT necessary)

**Day:** Tuesdays, New Life Community Church, Pomona

**Course Fee:** \$210, plus \$35 enrollment fee per semester
