We will cover a wide variety of topics such as: integers, one step equations, inequalities, graphs/functions, probabilities, and much more. This course will ease the transition from elementary mathematics to Algebra. Students will be assigned daily assignments to ensure the concepts taught in class stay fresh in their minds. Tests will be assigned but administered by their parent.	<i>Saxon 8/7, Homeschool Kit 3rd Edition</i>	Ally Sweaney	Ally Sweaney is married to her high school sweetheart and has four awesome kids. She has her Bachelor's Degree and teaching credential in Mathematics. Prior to staying home with her kids, she taught high school math for a number of years. She currently teaches occasionally at the Women's Bible Study at her church. Her and her family live in Upland and are a part of Life Bible Fellowship Church. When she isn't homeschooling, you can find her and her family cheering on their favorite soccer teams or chasing after their two crazy dogs.	Email: Asweaney101@gmail.com Cell: 909-223-7845
Tuesday and Thursday \$225 Per Semester	Algebra I (8th Grade)	Placement Test Required. https://www.sonlight.com/homeschool/curriculum/placement-tests/saxon-placement-tests They need to earn 80% or better on the test. Algebra I students explore the simplification, solving, graphing and interpretation of linear, exponential, radical, quadratic, and rational functions both manually and with technology. Internet search keywords help students locate online tools and enrichment. Each chapter features graphing calculator tutorials, lessons in sequences and series, and a mathematical biography or career segment. Biblical truths and principles are taught through Dominion Modeling exercises that illustrate how mathematics is used to serve others and glorify God.	<i>Saxon Algebra I Homeschool Kit, 3rd Edition</i>	Sandy Ross	Sandy has a B.S. in Business Administration with an emphasis in accounting, a minor in math, and a Clear Single Subject Credential in Math. She is a wife and mom of two adult boys and loves the Lord! With over 30 years of experience in teaching math in public high schools, she feels blessed to be able to come to Legacy with Colossians 3:23-24 and Micah 6:8 in mind. She loves to teach math and is fully dedicated to helping students achieve their best. She hopes her students will catch her enthusiasm and share in her love of math.	Email: MrsRoss4math@gmail.com
Tuesday and Thursday (\$450)	Math Fundamentals (6th-7th Grade)	Placement Test Required. Make sure you go to Google, Search Saxon Math Placement Test and give the proper test to your child. They need to earn 80% or better on the test. Building upon the principles taught in Saxon Math 6/5, this Saxon 7/6 textbook introduces functions and coordinate graphing, integers, exponential expressions, and prime factorization. Students will specifically learn about the order of operations, number lines, decimal place value, how to find the percent of a number, how to round decimal numbers, attributes of geometric solids, and more. Lessons contain a warm-up (with facts practice, mental math, & problem-solving exercises); introduction to the new concept, lesson practice exercises where the new skill is practiced, and mixed practice exercises, which includes 25-30 old and new problems. In-depth "Investigations" are provided every 10 lessons, and have their own set of questions.	<i>Saxon Math 7/6 Homeschool Kit, 4th Edition</i>	Rachael Runstuck	Rachael Runstuck is on her fourth year of homeschooling. She has her bachelors in Accounting from Cal Poly Pomona and works part time for a CPA firm in Rancho, as well as teaches Pilates three days a week. Rachael has a love for math, Jesus, and kids. She also teaches preschool for her church's Sunday school. She has 3 girls named after Presidents, one who just graduated from Legacy. Her husband is in law enforcement and has been married to him for 22 years. A fun fact about Rachael is she has been in the works with starting her homemade salsa business (you should definitely try it). She really hopes to give your child a love and understanding for math like she has, while having fun at the same time.	Email: runstucklegacy@gmail.com Cell: (909) 730-1981

Tuesday	Spanish (7th/8th grade)	This is a one day a week class offered two different days and times. Introduction to Spanish is perfect for the student looking to get an early start on learning a foreign language and the culture of that language. This course is a fun introduction to Spanish and the classes include a variety of exciting activities including games, crafts, skits, holiday celebrations and music. The students will learn to hold simple, short conversations in Spanish.		Alejandra Barbosa	Alejandra has been homeschooling for four years now, during which time she has utilized different teaching techniques and styles. She's learned that children learn best when they feel they are not "learning." She tries to make lessons fun and enjoys using acronyms to memorize important material. She's been fluent in Spanish as it was her first language and her aunt, an academic Doctor, made sure she did not lose proper Spanish and resort to slang or colloquial terms. She spent her summers in Rural Mexico right outside of Guadalajara. Her fondest memories are horse back riding through the ranch and carrying buckets of corn kernels to be grinded up and turned into masa for tortillas at the local mill. Spanish is useful for future job opportunities and Missions trips, and she will help her students learn the language as well the cultural aspects when using the language that are often overlooked. She is also passionate about science and is very excited to work with the 7/8th grade enrichment class as well!	Email: alejandrabiz@icloud.com
